

YOU'RE INVITED

To exercise your civic right!

Who can vote?

You! If you are a citizen of the United States living in Teton County who will be at least 18 years old by election day, you are invited (and encouraged!) to vote!

Where do I vote?

Early Voting

To vote early, you will need to go to the County Clerks office in Jackson (200 S Willow Street, downstairs). You can register here at the same time!

By Mail

If you can't vote in person, you can vote via mail instead following the instructions on www.tetonwyo.org

Election Day

This year, we will have voting centers across the county and you can vote at whichever one is most convenient on Election Day. Polls are open from 7 AM-7 PM. You can register to vote on Election Day.

What do I need?

In order to vote, you will need to register. In Wyoming, we have same day voter registration, so you can do this at the same time as voting, whether you are voting early or on Election day.

To register to vote, you can bring a valid driver's license from any US state (if not WY, you will need to be able to provide your social security number) and knowledge of your physical address. In lieu of a driver's license, you can also bring a state/federal/military issued photo ID.

When do I vote?

There are two major elections in 2016: The Primary Election and the General Election. For both, you can either vote on election day or weeks in advance through early voting (absentee).

Primary Election

Election Day: Tuesday, Aug. 16th
(polls open from 7 AM-7PM)

Early Voting Opens: Friday, July 1st

General Election

Election Day: Tuesday, Nov. 8
(polls open from 7 AM-7PM)

Early Voting Opens: Friday, Sept. 23rd

Why care?

In local elections, turnout is often very low, leaving the elections decide by just a few votes. More than in National elections, your individual vote counts! You have the ability to speak with your local electeds and hold them personally accountable for the decisions they make while in office. Local issues affect locals each and every day. By voting, you influence the future of where you live and have the opportunity to set an example for other places around the country.

Know your right!

Wyoming law entitles voters to one hour, other than the meal hour, to vote. However, the law does not apply to certain categories of employees, such as some federal workers or those who have three or more consecutive nonworking hours during the time polls are open.
